

A groundbreaking was held on Thursday, August 16th at the Minnehaha County Highway Department. Local leaders gathered at the groundbreaking, celebrating the construction of the new \$12.9 million, 60,000 sq. feet Highway Department facility. The building is being constructed on the existing property to the west of the current facility and includes office space, storage, maintenance bays and a truck wash bay. The planned completion date is Fall 2022.
